**Apply For a Library Card**

1. **Library Card Policy**

A library card may be obtained by presenting photographic identification and confirmation of current address. Children who are able to write their own name or are at least age six may have a card and a parent or legal guardian may confirm their name and address using their own identification. A full legal name and current mailing address must be on file for cardholders of all ages. If applicant is under 13 years old, parent or guardian must provide proof of identification and address and sign the library card application. A child must be present for a parent or legal guardian to get them a library card. If applicant is between the ages of 13 and 17 and cannot meet the ID and address requirements, parent or guardian must provide proof of identification and address. A teen must be present for a parent or legal guardian to get them a library card.

Belmont residents are eligible to sign up for a library card, as are all Massachusetts residents not living in a town that has had its reciprocal borrowing privileges suspended by the Board of Library Trustees due to lack of certification by the Massachusetts Board of Library Commissioners. As members of the Minuteman Library Network, Belmont adheres to the Minuteman policy of issuing only one library card per person for use at all public libraries in the network.

Out-of-state residents who meet the following requirements may be issued a library card with sufficient identification: work and/or attend school in Massachusetts; own property in Belmont; are temporarily living in Massachusetts for more than one month. Out-of-state residents must provide identification showing their home/permanent address.

Please present your library card when checking out materials. We take your right to privacy very seriously; therefore we require that you use only your own card. You may use a representation of your card on your own personal smartphone if it is done with an application that properly displays the barcode for our barcode readers. In order to pick up a hold for someone else you must have their library card in hand.
In order to provide the best service, all patrons are strongly encouraged to bring their library cards, a digital image of their card, or utilize the Minuteman Library Network Mobile App, which includes a digital card.

Library accounts belonging to children ages fourteen and under who are present in the library but have forgotten their library cards may be looked up by library staff. However, the staff will only look up the library account belonging to said child, per their own in person request. The child must be able to provide identifying information confirming that the patron record belongs to him or her such as address, phone number, date of birth, or other details found in the library record.

Please notify the library immediately of any loss of your card or device holding its representation, and notify us of any changes in address, telephone or email.
