

An aerial photograph of the Belmont Public Library and its surroundings. The library building is a large, multi-story structure with a flat roof, situated in the center-right of the image. To its left is a large, open parking lot filled with cars. Further left is a multi-lane road with a median, also filled with cars. In the top left corner, there is a large, rectangular building with a flat roof, possibly a school or community center, surrounded by trees. The background is filled with dense green trees. The entire image is overlaid with a semi-transparent dark grey filter.

Belmont Public Library

LBC Meeting #10 May 7, 2019

Oudens Ello Architecture

An aerial photograph of a campus, likely a university or government building complex. The image shows a large, multi-story building with a complex roofline, surrounded by extensive parking lots filled with cars. A wide road with multiple lanes runs diagonally across the lower half of the image. The background is filled with dense green trees. The entire image is overlaid with a semi-transparent dark grey filter.

Design Refinements

An architectural rendering of a modern, rectangular building with a prominent grid-like facade. The building is situated in a landscape featuring a forested hill in the background, a winding river or stream, and a paved area in the foreground. The scene is overlaid with a semi-transparent dark blue filter, and the title "Design Refinements" is centered in white text.

BELMONT PUBLIC LIBRARY
BOARD MEETING, 5/7/2019

STIMSON

Wellington Brook Corridor

- overall enthusiasm for making Wellington Brook a focus of library landscape
- possible easement for south side of brook for bridge/trail access
- connect children's program areas of building to the brook
- locate main entrance on brook side?
- eradicate knotweed

Green Terrace

- major support for enhancing connection to Underwood recreation areas

Civic Plaza

- some skepticism re. civic plaza concept—some feel this space would be better used for parking or drop off
- include bioswale for Concord Ave runoff
- general preference for including trees/garden/green, rather than a more urban/hardscape space

Woodland Garden

- some discussion of including lawn areas, rather than all woodland
- include spaces for parents and young children in woodland/wildflower garden

Additional ideas

- outdoor seating throughout site
- picnic area by brook
- solar canopy for parking lot
- pull-through/drop off is crucial to include
- bicycle access: wayfinding, racks, shelter
- roof garden or green roof
